- In coordination with CPA staff, TPWD established agency specific goals based on expenditures over the previous five year period. These goals are re-evaluated annually and compared with anticipated budgets to determine if the adjustments are necessary.
- In an effort to increase the number of bids received from HUB vendors, TPWD Purchasers are now supplementing the Centralized Master Bidders List (CMBL) with all non-CMBL HUB vendors. This resulted in 6,313 HUB vendors that received solicitations and 230 bids received by HUB vendors during the first half of FY2015.
- In an effort to improve HUB vendor responses, TPWD is working with Texas Association of African American Chambers of Commerce (TAAACC) and Texas Association of Mexican American Chambers of Commerce (TAMACC) to increase outreach efforts, HUB vendor recruitment, and technical assistance to HUB vendors.
- HUB Program Specialist presented HUB Subcontracting Program requirements at pre-bid conferences throughout the state to ensure vendors understood the requirements and were able to successfully demonstrate good faith effort.
- Provided assistance, training, and educational presentations to minority business groups and HUB vendors regarding how to do business with the State of Texas.
- HUB and Purchasing staff has increased our outreach efforts to recruit vendors throughout the state for the HUB program to help improve their opportunity to work with State Agencies.
- TPWD hosted HUB vendor presentations to introduce their company and products to agency purchasers providing increased awareness and opportunities to do business with TPWD.
- HUB and Purchasing staff participated in Economic Opportunity Forums sponsored by minority chambers and organizations throughout Texas.
